## CHRISTIANS TO HAVE OPPORTUNITY FOR ADVANCEMENT

National Christian Mission  
To Be Held In Oakland  
From March 9 To 16

By: Rev. R. C. Day

OAKLAND — This name stands for a great enterprise of the Protestant Christian Churches of the nation in an effort to unite and inspire the membership of these churches with vision and purpose to bring the power of the Christian Gospel to bear effectively upon the sorry plight of our human world. It began several months ago in the great cities of our Atlantic seaboard and has swept across the continent north, south, and west reaching every great center of population.

This wave of a happier and better future will flow in upon the cities of the Bay Area and will be with us for eight days, from Sunday March 9 to and including Sunday March 16.

A visitation team of thirty or more strong and acknowledged leaders of thought and life in the Christian world will be with us, bringing their messages of hope and challenges to action. Eight days of intensive program, morning, afternoon and evening.

### —Great Mass Meeting

Beginning with a great Mass meeting in the Oakland Auditorium Arena, Sunday March 9 to be addressed by Stanley Jones of India with the subject: "Is The Kingdom Of God Realism?" and ending with another mass meeting in the same place and time Sunday March 16, these days will be given to united worship, fellowship and study. Six seminars will be held each afternoon during the week, respectively to consider such live topics as, The Bible, Personal Faith and Experience, Religion and World Relations.

These seminars will give splendid opportunity for all to avail themselves of deepened understanding of Christian knowledge which may be of particular interest to them. Those desiring to join either of these seminar groups must register, as early as possible. They will be held in the various churches of Oakland, time and place to be announced. Each evening there will be mass meetings with inspirational addresses by members of the visitation team.

### —United Youth Convention

Friday, Saturday, Sunday, March 14, 15, 16, at the Tenth Avenue Baptist Church will occur United Youth Convention to be addressed by Stanley Jones, Muriel Lester of London England, Philip Lee of China, and Carl Downs, Negro youth leader of Pasadena, California. This will be of great interest to the youth of our Christian churches.

Registration fee to insure the success of this Mission in our community will be 50c. Registration cards are available and can be secured from the ministers of our local churches. All interested in the success of this Mission, whether time and the business of life make possible or prevent the full enjoyment of the Mission, are urged to register their interest and sympathy. All are further urged to arrange their schedules at attend as many of these sessions as possible.

### —Broadcast March 14

For those whose duties make impossible such attendance, we are glad to announce that Stanley Jones will address the Commonwealth Club Luncheon, Friday noon, March 14 which will be broadcast.

It is the intention of the local committee to send speakers to such Service Club luncheons as may desire and request a member of the team for their program. Also efforts are being made to bring the inspiration of our leaders through visitations to the various high schools about the Bay.

## HOLIDAY SATURDAY

Saturday being Washington's Birthday anniversary, will be observed as a holiday by the banks and postoffices throughout Washington Township. At Niles the Pacific Gas and Electric company's office will be closed, as well as the Public Utilities California Corporation's office. The Township Register will be closed for the day, its staff to enjoy, it is to be hoped—a sunny day's outing.

## DRAFT TAKES 6 VOLUNTEERS, 28 DRAFTEES

LAST CONTINGENT LEAVES  
NILES THIS MORNING VIA  
SPECIAL BUS TO BAY CITY

Six volunteers and 28 draftees will leave Niles this morning (Friday) at 7 a.m. to be inducted into the U. S. Army at San Francisco. They will go via a special bus although former plans had been to send them on the Western Pacific at 5:33 a.m.

This makes a total of 49 men who have been sent from Draft Board No. 75. There are still 40 in the 1-A list among 827 of the 2762 registered. Approximately 27 per cent of the total registration have been classified as 1-A's.

Donald Spetti, popular musician of the township and an active member of the Arts and Crafts Guild missed the call by one number. The latest man to be drafted is Leonard Laurel Conklin of Decoto, Order Number 419. Spetti's order number is 425.

Volunteers leaving Friday are Frank Peter Kruse of San Francisco, formerly of Livermore, August Rogers Duarte of Decoto, Charles Malcolm Holden of Niles, Gerald Haney Fream of Livermore, George William Amaral of Irvington, and Fred Thomas Biggs of Livermore, now of Hayward.

Others in the list are Joseph Joaquin Bernardo of Centerville, son of Manuel Bernardo, former constable and president of the Perryessa Apricot Growers Union; Edward Frank Teeter of Livermore, William Joseph Theodore of Pleasanton; Augustine Salas Lopez of Newark, Kenneth Spencer Mulholland of Alvarado, James Robert Sinclair of Irvington, Arthur Ambrose Deck of Livermore, Floyd Sylvester Lowden of Centerville, William Clifford Vargas of Livermore, Russel J. Thurman of Decoto, George Ernest Silva of Decoto, William Edward Garcia of Niles, Sylvester Henry Baker of Pleasanton.

Patrick Edmund Pine of Niles, Bernardo Correa Escobar of Livermore, Anthony Albert Silva of Livermore, Eugene Joseph Sherman of Livermore, Edwin Venson James of Pleasanton, John David Martin of Newark, Raymond Lloyd Moughon of Niles, Russel Anthony Burke of Pleasanton, Henry Ross Hansen of Livermore, Wilbur Davis of Pleasanton, Richard Mateo of Alvarado, Joseph Hediger of Newark, Leslie Fred Kruger of Livermore, Leonard Laurel Conklin of Decoto.

## PRINCIPAL RECOVERING

CENTERVILLE — The Coordinating Council will not meet this month due to the illness of Principal A. J. Rathbone of the high school, chairman. Mr. Rathbone is at home recovering from a serious illness and hopes to be at his desk next week.

## — Talk, Act American! —

Further information will be gladly furnished those who desire it. High hopes are held by the promoters of the Mission for lasting good to flow from it into every church, quickening and uniting all Christians for the furtherance of the unfinished and vital task of the building of The Kingdom Of God into all the ways of thought and life of our lost and bewildered world.

## THREE COUNTIES START SHARING IN BENEFITS OF FEDERAL FOOD STAMP PLAN

The Federal Food Stamp Plan was inaugurated in Niles and the remainder of Alameda, Contra Costa and San Mateo Counties today.

K. C. May, Area Supervisor of the Surplus Marketing Administration, announced that all residents of Niles will purchase their Food Order Stamps by mail. Eligible households have been mailed instructions and the necessary application forms.

"Food Stamps enable eligible public assisted persons to get more food for their money at established grocery and other retail food stores," said Mr. May. "The Plan supercedes the former method of distributing surplus foods from public welfare warehouses," he added.

It was estimated by Mr. May that some 59,300 persons in Alameda, Contra and San Mateo Counties will have an opportunity to consume approximately \$1,333,000 worth of additional surplus foods annually under the plan—to the benefit of farmers, needy families and general business.

To answer some of the commonly asked questions about how the Plan will operate in Niles, and the remainder of the three-county area opening today—the following digest is presented.

Q. What are Food Order Stamps?

A. Food stamps are issued in two colors—ORANGE and BLUE. Each Stamp has a face value of 25c for use in purchasing foods at retail grocery stores.

ORANGE stamps, which must be purchased in order to obtain the free Blue Stamps, are issued to participants in amounts corresponding to their former regular food purchases.

BLUE Stamps are given free by the Federal Government to buyers of Orange Stamps. These Blue Stamps may be used to purchase any food item declared by the Secretary of Agriculture to be IN SURPLUS.

Q. How can food stamps be obtained?

A. A person living OUTSIDE the city limits of Oakland purchases food stamps by MAIL, as follows: Fill in completely the "Application for Purchase Food Order Stamps by Mail".

Obtain from a local post office or rural carrier a postoffice money order, or obtain a cashier's check from a bank, in the amount shown on this application form.

Make the postoffice money order or cashier's check payable to the California State Relief Administration.

Attach the money order or cashier's check to the application form and mail to the Stamp Issuing Office at 685 Ninth St., Oakland.

Q. How many Orange Stamps can an eligible person buy?

A. The letter (or mail order form) which accompanies the pamphlet mailed to all eligible households shows the smallest and largest amount of Orange Stamps each eligible family can buy each based on the number eating at the family table.

Q. How often must stamps be bought?

A. Persons paid once a month must make their month's purchase of stamps each month. Persons paid twice a month may either make half their month's purchases during each pay period, or, on request to the Stamp Office, purchase once a month by making their full month's purchase during the first pay period. Stamps must be purchased regularly or eligibility will be canceled.

Q. Can another person buy stamps for the head of the family?

A. Yes.—A member of the household or a friend may buy stamps provided he takes to the Stamp Issuing Office an "Authorization of Agent" form signed by the head of the family, together with the Identification Card. No retail food merchant or his employee may act as an agent.

Q. Who can accept food stamps for foods?

A. Food merchants participating

in the Plan. This includes retail food dealers handling groceries, meats, fruits, vegetables, bakery or dairy products.

Q. What foods can be purchased with Blue Stamps?

A. Official current lists of surplus foods will be prominently posted in all participating stores. These are the foods normally stocked in grocery stores for all customers.

Q. What foods can be purchased with Orange Stamps?

A. Any foods taken home for human consumption, Orange Stamps CAN NOT be used to buy beer, wine, liquor, tobacco, animal feed, pet foods, or foods usually consumed on the store premises.

Q. Can Orange Stamps be used to buy surplus foods?

A. Yes.

Q. Can stamps be used to buy matches, soap, brooms, or other household items.

A. No. Food Stamps are good ONLY for FOOD.

Q. Do persons using Stamps get exactly the same quality of food as one who pays cash?

A. Yes, and at the same price.

Q. Can stamps be used to pay back bills?

A. No. Stamps may only be used at the time a purchase is made; except that milk delivered to the home may be paid for weekly.

Q. Will merchants accept loose stamps?

A. No. Stamps must be taken out of the book only at the time a purchase is made.

Q. Can stamp books be left with food merchants?

A. No. At all times stamp books must be held by the person to whom issued or his authorized agent.

Q. Can a merchant give cash change when accepting stamps?

A. No. Merchants must issue an Orange or Blue Stamp Credit Slip for the difference between the amount of food stamps and the purchase price.

Q. May stamps be transferred?

A. No. Stamps must be used only for the purchase of food, and by the person to whom issued or his authorized agent. Any misuse of the stamps is a violation of Federal Law and punishable by fine and imprisonment.

Q. Will money be refunded for unused Orange Stamps.

A. Yes, in case of a real emergency. Orange and Blue Stamps must be returned to the Stamp Issuing Office in the same ratio as issued, and must not be detached from the original stamp book.

Local recipients of these application forms will be assisted in filling them out if they will apply to the Niles Postoffice, the Central Bank in Niles, or to any township grocer participating in the food stamp plan.

## CALLED TO WORK

Paul Turner, chemist at Gilmore Steel, who was laid off about a month ago, was called to work Wednesday with a firm at Los Altos in Santa Clara county.

Over 9,412,638 American boys and men have been members of the Boy Scouts of America since February 8, 1910.

## SEASONAL RAINFALL

The total rainfall in Niles from July 1 of last year to date is 20.17 inches, according to the rain gauge records kept by Agent Harvey Braun at the Southern Pacific station in Niles.

## EPH MUSICK HAS MANY VALUABLE RELICS OF PAST

NEWARK — Mrs. Hattie Gruenwald, 86, said to be the first white woman to go into Brown County, South Dakota is visiting her niece and husband, Mr. and Mrs. Eph Musick of Newark. She settled in the Dakota Territory in 1876, the year of the Custer massacre.

One of her favorite pastimes is looking over old souvenirs and keepsakes of Musick, former newspaper man and principal of the Newark Grammar School for 19 years. One of his most prized possessions is a stick pin said to have been used in the presidential campaign of Thomas Jefferson in 1804.

The pin became the property of Yerrington, one of the builders of Carson City-Virginia City railroad who gave it to Musick's father-in-law.

Musick is the son of the late L. W. Musick who came across the plains in 1852 from Missouri. He worked with Ambrose Bierce on a Bay city newspaper in the early '70's, chummed with Edwin Markham when the latter taught the Musick school in San Luis Obispo County and later worked on the Oregonian. A man of a dozen trades, he built the first concrete building in California and printed the first copy of the Crescent City News in 1888 for R. W. Miller, father of Judge Justin Miller now federal judge in Washington, D. C.

## Centerville Scouts To Reorganize Monday Evening

CENTERVILLE — All boys 12 years of age or older are urged to attend a boy scout reorganization meeting to be held Monday evening, February 24 at 7:30 p.m. in the Visual Education room at Washington Union High School.

The Centerville boy scout committee consisting of Jack Reese, chairman, Phil Sousa, treasurer, Pete Nunes activities director, Dr. De Borba, secretary, Jack Silva, advancement director and Tom Silva member at large, announce the appointment of Edward Chamberlain as tentative Scoutmaster. Mr. Chamberlain has had extensive experience in Scout work in Berkeley and Newark and will be a real asset to the Centerville troop.

James Nunes, former Scoutmaster, has been promoted to the position of District Activities director, which makes it impossible for him to continue as leader of the local troop.

A fine program of demonstrations and motion pictures has been arranged for Monday's meeting. Members of the Centerville troop and all boys interested in scouting should attend this meeting.

## NILES GRAMMAR SCHOOL OFFERS ADULT CLASSES

## NILES CHAMBER TO ENGAGE IN MEMBERSHIP DRIVE

W. A. Baldwin of Cherry Lane was voted into membership in the Niles Chamber of Commerce during the Monday noon luncheon meeting held in the City of Florence Restaurant. The nominating committee, consisting of Dr. E. C. Grau and Walter Waynflete will report their recommendations for new officers at next Monday's meeting at which time election will be held and an intensive membership drive will be entered upon.

It was unanimously voted at Monday's meeting that each present member serve as a committee of one to secure new members.

E. A. Ellsworth presented a budget for the new year, the sum being about twice the size of the current year's expenses, the increase being designed to enlarge the scope of the chamber's activities. Dr. T. C. Wilson was appointed to work with Ellsworth on the budget.

No reply had been received from the Central Bank at Niles regarding the Chamber's edition that they remain open over the noon hour.

A letter was read from Washington High school asking that a representative from the Chamber be sent to attend an Americanization Pageant meeting to be held next Monday evening at 7:30 o'clock in the agricultural room at the high school. No action was taken.

## Christian Science Churches

"It is God which worketh in you both to will and to do of his good pleasure." These words from Philippians comprise the Golden Text to be used Sunday February 23, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Mind." Included among the Scriptural selections will be: "Now when he was in Jerusalem at the passover, in the feast day, many saw the miracles which he did. But Jesus did not commit himself unto them, because he knew all men, and needed not that any should testify of man: for he knew what was in man" (John 2: 23-25).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "We approach God, or Life, in proportion to our spirituality, our fidelity to Truth and Love; and in that ration we know all human need and are able to discern the thought of the sick and the sinning for the purpose of healing them. Error of any kind cannot hide from the law of God" (p. 95).

CHRISTIAN MISSION  
TO BE HELD FROM  
MARCH 9 TO 16

(Special to the Register)

OAKLAND — Preparations were under way here today for participation in the National Christian Mission of Northern California which will hold meetings in Oakland and San Francisco during the week of March 9 to 16 inclusive.

The Mission is sponsored by the Federal Council of the Churches of Christ in America, and Oakland is one of twenty-two centers in the country where similar gatherings have been and are to be held.

Dr. W. Paul Reagor, pastor of the First Christian church of Oakland, is Northern California general chairman, and Lawton D. Harris, of Oakland, executive secretary.

Under the impetus of the Mission, its principal objective is a rallying of the Christian forces of the country. Its fundamental belief is that "within the Christian gospel is the key to the strengthening of this democracy in a crumbling world".

Interest in the Missions is not confined to the metropolitan centers alone. That of Northern California covers the area embraced by Redding, Reno, Fresno, and the San Francisco Bay region. Preparatory meetings are to be held in all of the cities of that area preliminary to the eight-day sessions in Oakland and San Francisco.

Arrangements for all details involved are being handled by a committee of one hundred. Out of this group many subsidiary committees have been formed which will assist in the work of seminars, youth conventions, ministers' meetings, Bible forums, women's work, and school activities, during the Mission.

Approximately thirty national and international religious leaders will address the various mass meetings that are scheduled to be held in Oakland and San Francisco, among them being Dr. E. Stanley Jones, of India, who is regarded as the best known living missionary in the world. Another outstanding speaker will be Muriel Lester, frequently referred to as the 'Jane Addams' of London. Still another will be Dr. Jesse M. Bader of New York City, director of the National Christian Mission and an executive officer of the Federal Council of the Churches of Christ in America.

Travelling to the farthest corners of the United States are 140, 000 busses. Public schools are responsible for operation of 85,700 of these vehicles.

## Niles P. T. A. Holds Candle Lighting Event

The Niles Parent-Teachers Association observed Founders Day last week with a candle-lighting ceremony and a program in which Mrs. William Cox, state program chairman was the main speaker. Mrs. Harvey Braun presided at the business meeting and Mrs. C. N. Myrick had charge of the program.

Following a talk by Principal E. D. Bristow, the unit subscribed to the National and State publications and will place them in the library at the high school.

Mrs. Catherine Parry, accompanied by Mrs. Paul Turner sang a solo and the following took part in the candle-lighting ceremony: Mrs. Roland Bendel, Miss Louise Ingless, Mrs. J. A. Silva, Mrs. Reginald Calhoun, Mrs. Hugh Munro, Mrs. W. T. Lindsay, Mrs. E. E. Dias and Mrs. J. J. Alberg.

Mrs. Fred Dias reported 159 paid members in the unit and plans were discussed for the meeting of Phoebe Hearst council in Niles in March and in Centerville in May. Mrs. C. N. Myrick announced the silver tea to be given at the Burbank school at Hayward on March 4, at 2:30 o'clock when girls from Centerville, Livermore, Pleasanton and Hayward high schools will model. There will also be a musical program being arranged by Mrs. E. R. Miller of Livermore. The public is invited.

Mrs. Fred Duffie gave a report on the recent council meeting held at Livermore and announcement was made of adult education classes to be held at the school.

Mrs. Cox pointed out that the fundamentals of the P. T. A. had been conceived by its founders many years ago and consisted of removal of inequalities for children, parental education and co-operation of the home and the school.

An exhibit of work done by the WPA recreation classes was shown.

Mrs. Harvey Braun president of the P. T. A. and Principal E. D. Bristow will be guests of the Niles P. T. A. at the annual reciprocity P. T. A. luncheon at the Claremont Hotel in Oakland on Feb. 24.

### RECIPROCITY LUNCHEON

OAKLAND — As an appropriate climax to special programs held in the various local units and councils throughout Sixteenth District, California Congress of Parents and Teachers, honoring the forty-fourth anniversary of the National Congress of Parents and Teachers, founded by Phoebe Hearst and Alice Birney on February 17, 1897, will be the annual reciprocity luncheon and Founders' Day program of the district with the Claremont Hotel in Berkeley as the setting on Monday, February 24 at 12:15 p.m.

### OAKLAND KNIGHTS PLAN CHARITY BALL FEBRUARY 22

OAKLAND — No pains are being spared by the committee in charge of the Annual Charity Ball of Oakland Council No. 784, Knights of Columbus, to make this annual event one of the most enjoyable in the history of the local council.

The date set for this year's function is Washington's Birthday, Saturday evening, February 22 and the place the Ivory Court of the Hotel Oakland.

With many novel features including Washington's Birthday favors, a Grand March led by Grand Knight and Mrs. Raymond C. Gerick and a special committee to see that all desiring to participate in the dancing are supplied with partners, this year's Charity Ball is destined to eclipse any of the successes of previous years.

### NEWARK WOMENS CLUB REELECTS OFFICERS

NEWARK — Officers of the Women's Improvement Club of Newark were re-elected at a meeting held at the home of Dora Fuller which followed the annual dinner served at Sophie's Tavern last week. Plans were made for a card party to be given after Lent.

Officers re-elected are Norma Wilburn, president; Frances MacGregor, vice-president; Charlotte May, secretary and Dorothy Scott, treasurer.

Francis, and John Pope and others. The party is to be held at the Newark school, Monday evening, March 17.

### Advertising Firm Advocates Use Of Newspapers

DETROIT, Mich — Thirty years of "advertising well directed" are being celebrated by the Campbell-Ewald Company during February, for it was in this month in 1911 that the company was incorporated at Lansing, Michigan.

This anniversary makes this advertising agency the oldest in Detroit, and one of the few agencies in the country to have retained its corporate identity and its directing head for so long a period.

During each of these years the company has had an average yearly billing of more than \$10,000,000, despite the fact that it did not reach an annual billing of a million until many years after it was organized.

### —Newspapers Good Medium

A large percentage of this money has been spent each year in newspapers, for Mr. H. T. Ewald, the president of the company, is a firm believer in this medium of advertising.

"Today, the newspaper, one of the oldest mediums of advertising, continues as a truly great and powerful force to sell goods," he states, "and will continue to be a spearhead of most advertising effort as long as it remains a free press.

"While each advertising campaign should have a tailor-made merchandising and advertising suit, the merchandisers of few commodities of general use can afford to ignore the tremendous cleavage power of newspapers, weekly as well as daily.

"I often think of newspaper advertising as an electric switch that actually turns on the light when and where the light is needed. This medium seems to me to be right behind the actual salesman and the actual sale."

Probably one of the greatest prides of Mr. Ewald is in the financial integrity of his organization during its entire corporate life. It has never missed a cash discount in the payment of publication and other bills—nor a payroll—for even during the State of Michigan and later, the national bank holiday in 1933 the money for the payroll was rushed from New York City by airplane.

More than half of the 46,446 Boy Scout Troops in the nation are sponsored by churches or religious groups.

### TO PLAN CONCERT

HAYWARD — The board of governors of the Southern Alameda County Musical association will meet Friday evening, February 28 at 6:30 p.m. at Castro Villa on upper A street. The board will make further arrangements for the concert to be given in the Hayward Union High school on March 4. The Chorus is meeting and rehearsing every Tuesday night in preparation for the concert, according to Mrs. Nellie Gordon.

### CHILD WELFARE CLUB PROVIDES WAITING LIST

CENTERVILLE — Revision of the constitution to provide a waiting list for new members and appointment of Mrs. A. J. Petsche of Niles as vice-president took place at Monday's meeting of the Child Welfare Club at the home of Mrs. George Emerson with Mrs. W. L. McWhirter as joint hostess.

Resolutions on the death of the late Mrs. Julia Dusterberry and Mrs. J. E. Thane, written by Mrs. George Coit were read by Mrs. Howard Chadbourne and Mrs. Richard Sparrow. Mrs. McWhirter was appointed to represent the club at the citizenship meeting at the high school on Feb. 24.

Mrs. C. E. Martenstein, new president, will entertain at the March meeting with Mrs. Alwin Searles as co-hostess at the Searles home in Decoto.

### OFFICERS HONORED

(Special to the Register)

Mrs. Roberts S. Mayock, president of Phoebe Hearst Council of P. T. A. of Irvington was a guest at last week's meeting of the Niles unit. Past presidents honored were Mrs. E. A. Ellsworth, Mrs. Roland Bendel, Mrs. C. N. Myrick and Mrs. C. E. Martenstein, also charter secretary. Other charter members present include Mrs. E. E. Dias and Miss Celeste Bunker.

### Miss Rathbone Announces Her Engagement

CENTERVILLE — At a luncheon given for her sister-in-law to be, Miss Leona Solon of Niles, Miss Katherine King Rathbone, daughter of Principal and Mrs. A. J. Rathbone of Centerville made a surprise announcement of her own engagement at a luncheon served at the home of Mrs. Eula Wright last Saturday.

Miss Rathbone's marriage to William C. Parrish of Langley some time during the Summer. No date has been set for the wedding of Miss Solon and Miss Rathbone's brother, Dr. John Streeter Rathbone of Honolulu.

Miss Rathbone is a graduate of the local high school and attended the University of California where she is affiliated with the Zeta Tau Alpha sorority. She announced her engagement by passing the traditional five-pound box of candy at the sorority house Saturday night. Present at the luncheon in Centerville were 20 intimate friends of the bride-elect and her mother, who assisted in receiving. News of the engagement was found in valentine bridge scores.

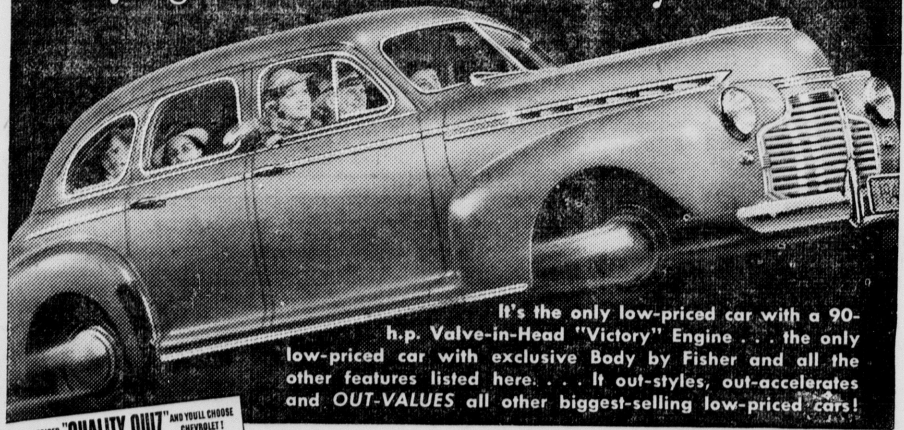

The groom-elect is the son of Mr. and Mrs. William D. Parrish of Strathmore, California. He graduated from the University of California in the College of Engineering in 1940 and is now connected with the NACA in Virginia, doing experimental work for army and navy bombers. He is a member of the Tau Beta Phi, honorary engineering society and Sigma Xi, honorary science fraternity.

The wedding will be the culmination of a romance which began at a meeting on Treasure Island in 1939.

For 30 of its 31 years the Boy Scouts of America has been administered by Dr. James E. West, the Chief Scout Executive who took the post for only "six months."

## AUTOMATIC GAS water heater

If a "Job-o-meter" attached to your water heater recorded the times hot water worked for you during a month, you'd be amazed at the result. Because a water heater leads a busy life in the modern home. \* Think of the big jobs that hot water makes easier. Washing dishes, pots and pans; speeding up washday by making soap work faster; bathing in tub or shower and scrubbing floors and woodwork are just a few. Then there are the host of little services that are big in convenience at the moment. The quick rinse-outs of hosiery and silken dainties; cleaning up kitchen sink, the wash basin, the tub, the range and refrigerator are some of these daily demands. \* Old water heaters just cannot stand up and deliver under this pace of service. They slow down and use more gas just as old automobiles slow down and use more fuel. That's why it pays to trade in an old costly-to-operate water heater. \* This is the month to Trade in Your Old Water Heater. Right now, for a short time only, your present water heater has a \$10 trade-in value on a new Automatic. Easy terms of a few dollars a month will soon pay for it. Don't delay—buy now.

## Masonic Home Residents Enjoy Valentine Party

DECOTO — The Valentine — January and February Birthday party was one of the most interesting birthday parties held in the banquet hall of the Masonic Home on February 14. The Valentine colors, red and white, were used as a color scheme. A large bowl of red poppies and tulips was the centerpiece. The valentines were placed at each place with candy hearts and gave much merriment as they were read aloud.

A very interesting and informative talk on Alaska was given by Mr. Earl Cassidy who spent four months with his son James last summer in Fairbanks, Alaska. Some of his experiences were very unusual and he gave us such a vivid picture that all felt a share in this trip.

The following were present at the party: Mesdames Isadore L. Bolting, Anne Broughton, Lottie Cassidy, Ruth Dupuy, Nellie Edwards, Katherine Garnett, Mary Hiltner, Isabel C. Gordon, Bertha Mann, Ella Shanks, Amanda Snyder, Laura Stroud, I. Nielander, Nellie Gray and B. M. Givens.

### U. S. TAKES LEAD IN TAIL TURRETS

Just as a matter of record, your correspondent would like to register some opinions, backed by carefully-checked facts, as to the quality of American military aircraft, as compared with the European product.

There is, for example, the matter of tail turrets for bombers.

So far as we can determine, the British pioneered that excellent form of protective armament. And they deserve all the credit in the world for their efforts. But the fact remains that right now American aircraft designers and manufacturers have taken the lead away from the British in that respect.

Let's examine the facts:

#### —British Bombers

The RAF has two heavy bomber types — the Armstrong Whitworth "Whitley" and the Vickers-Armstrong "Wellington", plus the Bristol "Bombay", a bomber-transport so slow it has been relegated to the African front.

These big ships have tail turrets, as do two flying boat types, the twin-engine "Lerwick" and the four-engine "Sunderland".

However, a close study of British technical publications fails to reveal a single instance where a medium or light RAF bomber now in production is equipped with a tail turret. The Avro "Anson" isn't. Nor is the Bristol "Beaufort", the Bristol "Blenheim" (also being used as a twin-engine fighter), the Fairey "Battle", or the Handley Page "Hampden" or "Hereford".

And photographs of the brand new Blackburn "Botha", a medium bomber apparently designed for the Coastal Command, show no evidence of a tail turret.

Nor for the American side of the picture:

The San Diego-built Consolidated B-24 has a very fine tail turret. So has the gigantic Douglas B-19, now nearing the flight stage. And up in Seattle the B-17E, latest version of the Boeing Flying Fortress, has been designed to accommodate a gunner in a turret out beyond the rudder.

The same holds true for our big flying boats, such as the Consolidated PB2Y.

That disposes of the heavy stuff. Now we come to the crux of the matter.

Our new medium bombers — the North American B-25 (a California-built job) and the Martin B-26, both have tail turrets, giving them protection not found in any RAF ship of similar speed and weight.

And furthermore, we understand tail turrets are now being built into even lighter, faster American ships such as a new and extremely "hot" U. S. Air Corps attack bomber, already in production.

So . . . all credit to the British for developing the tail turret. But how about some credit to the American aircraft industry for improving on the idea?

### MRS. FOURNIER RECOVERING

Mrs. Beatrice Fournier, a member of Niles Rebekah Lodge, has returned home from the University of California Hospital, San Francisco, where she has been a patient the last two weeks. Her many friends will be pleased to know that she is rapidly regaining her strength.

### C. C. C. CAMPS NOW OFFER COURSES FOR YOUNG MEN

For the past seven years Civilian Conservation Corps enrollments have been conducted during the months of January, April, July and October.

Because of the fact that in many instances youths complete schooling or lose employment directly after the close of one enrollment period and then have to wait from one to two months for a new period, it has been deemed advisable to hold four supplementary enrollments, making a total of eight enrollment periods a year. The intermediate enrollments will be held in February, May, August and November, and naturally will be of short duration (10 days). The first one will be held this month, February 18 to 23, inclusive.

Under the new Federally approved and Federally financed educational and vocational training program designed to meet the needs of industry and the Defense Program, it is planned to have 25 special training schools in CCC camps in California, and a number of them already are in operation.

The schools now operating and to be completed will give instruction in: cooking and baking; welding, arc and acetylene; blacksmithing and forging; radio code, repair and installation; tool and die making; truck and auto repair and maintenance; telephone instrument and switchboard installation and maintenance; road-building heavy-duty equipment operation and repair, such as tractors, graders, crane hoists, etc.; photography, and others.

This is the most intensive and complete training program ever attempted by CCC, and any young man, unemployed, a citizen of the United States, and between 17 and 23 years of age can secure further information by calling on William T. Urner, who is County Selecting Agent, located at 829 Harrison Street in Oakland.

### METHOD OF BUYING FOOD ORDER STAMPS BY MAIL EXPLAINED

For the convenience of public assisted persons, living in Alameda, Contra Costa and San Mateo Counties, eligible to take part in the Food Stamp Plan in this area, and who live outside the city of Oakland, where the Stamp Issuing Office is located — Food Order Stamps are bought by mail, it was stated today by K. C. May, Area Supervisor Surplus Marketing Administration.

This procedure, it was explained, is very simple. Eligible participants simply fill out a form "Application for Purchase of Food Order Stamps by Mail". These application forms, together with their identification cards, are being mailed to all eligible households. They then obtain a money order or a cashier's check, in the amount shown on this form. Care should be taken that the money order or cashier's check is made payable to the California State Relief Administration. They then attach the money order or cashier's check to the Stamp Issuing Office at 685 Ninth street in Oakland.

In the other areas in which this method of purchasing Food Order Stamps by mail has been successfully used for some time, merchants as well as public assisted persons have found it both convenient and advantageous. Merchants have found that through this method participants tend to confine Food Stamp purchases to their local stores, instead of buying foods, as well as stamps, outside their home towns.

### PRESIDENT HONORED

A very delightful luncheon was given by the Past District Deputy Presidents Association recently at Hotel Lake Merritt, Oakland in honor of Ethel J. Watson, president of the Rebekah Assembly. Among those attending from this district were Fern Mitte, president of the association, and Alice Bollock district deputy president of district 53.

## SINGING PARAMOUNT STAR ON TOUR

Susanna Foster, 16-year old singing star of the Paramount picture, "The Hard-Boiled Canary," is shown upper left with her chum and co-worker, Dolly Loehr, 14, viewing San Francisco's China Town on her personal appearance tour in that city. At the center, framed in the window of the Ford Super DeLuxe station wagon, is Susanna who sang to large audiences twice during the Golden Gate International Exposition. Right shows Miss Foster smiling her approval over the spacious baggage carrying capacity of the swanky station wagon as she takes her grip preparatory to leaving San Francisco on a personal appearance tour of 18 cities in the United States. The Hollywood stars are pictured sight-seeing San Francisco in a 1941 Super DeLuxe station wagon which incidentally is used in several scenes in their picture. The car was furnished to them by officials of the Richmond Branch of the Ford Motor Company.

### HOME BUILDING SOARS TO NEW RECORD HEIGHTS

Home building in Northern California soared to record heights with the dawn of a new year, it was revealed by D. C. McGinness, district director of the Federal Housing Administration, whose January report shows a gain of 45 percent in the number of newly-constructed homes on which mortgages were accepted for insurance over the first month last year.

Construction was commenced on an average of almost 55 new homes being built in this district under FHA inspection and requirements, every business day during January, Mr. McGinness declared, and the total investment in homes financed under the insured mortgage system averaged \$292,712 a day throughout the month. This was said to include only the 46 counties of the Northern California district.

As evidence of the increasing popularity of long-term home financing, Mr. McGinness called attention to the fact that of all mortgages on newly-constructed homes insured last year by the Federal Housing Administration, 92 percent were written for terms ranging from 20 to 25 years.

### RUTH CHATTERTON TO APPEAR IN SHAW'S 'PYGMALION'

Ruth Chatterton, famed stage and motion picture star, is returning to San Francisco after an absence of many years to play the leading role in George Bernard Shaw's brilliant comedy, "Pygmalion", opening at the Curran Theatre, Monday evening, February 24, for a run of two weeks.

Miss Chatterton will appear as Eliza Doolittle, the charming little Cockney flower girl who plies her trade under the arch of Covent Garden in pre-bombed London. The plot relates how Eliza is turned into a grand lady by Professor Henry Higgins, who is an expert on phonetics. The professor succeeds so well in teaching Eliza proper speech and deportment that he is able to pass her off as a duchess at a reception given in Buckingham Palace. The one hitch in the situation is that the flower girl falls in love with the Professor and complications ensue.

The production was staged by Aurio Lee, noted woman director of the New York and London theatre, who has another hit to her credit this season in the current Broadway play "Old Acquaintance" starring Jane Cowl and Peggy Wood. Miss Chatterton's supporting cast is headed by Barry Thomson and Dennis Hoey. Mr. Thomson last appeared in San Francisco with the Lunts in "Idiot's Delight" and "Amphitryon 38."

### SHALL WE LET THEM STARVE?

Miss Mary Candee, chairman of a local committee on Food for the Small Democracies, has obtained pamphlets which explain that plan in full. These pamphlets are being distributed from various business places in Irvington and from the Irvington Library.

Those who believe that feeding the people of Finland, Belgium, Holland, Norway and Central Poland will help Hitler . . . that Uncle Sam will be obliged to furnish money, food, and ships . . . that all our food is needed at home . . . are urged to read this free literature.

Those who are informed, know that there is no request for gifts, Government appropriations, or ships. These countries have money to purchase and ships to transport the needed food. Only surplus food will be taken from America.

As to helping Hitler: the total stock of imported food would not exceed 140,000 tons in all these countries at one time. This amount would be necessary in order to maintain regular distribution. Germany consumes 1,400,000 tons a month. If Hitler seized it all, it would give Germany only a three day supply. And if he seized it, the importation of food would immediately stop.

On the other hand, if these people are not fed, their skilled workmen, to protect themselves and families, will accept munition-making jobs in Germany, where they will be both paid and fed. They have fought and suffered for the cause of Democracy. They have a right to live. The world to come needs their lives . . . They are asking for aid. The New York Committee wishes to obtain a consensus of opinion and urges all who are interested to write promptly to National Committee on Food for the Five Small Democracies, 420 Lexington Avenue, New York, N. Y.

Lee Muck is in charge of the federal soil conservation program, according to word sent this newspaper. Who says there's nothing in a name?

### DEIFYING THE INANIMATE

It is always a matter of chagrin to this editor to see groups and organizations put capital letters on inanimate groups such as Board of Trustees Sixth Grade, Annual Event, Birthday Dinner, et cetera.

The use of capital letters applies only to persons and places. Any office is vacant and any title nonexistent until a living person occupies the office and bears the title. The person's name has the capital initial, the office exists only when a person occupies it.

The Germans and French and other European nations make the same mistake: they give gender to inanimate objects: a chair is female and a table male in some languages.

Fortunately, in the Anglo-Saxon tongue inanimate objects are always neuter: it. Only living persons are he or she, along with other creatures.

One doesn't write "my automobile" with a capital "A". One writes the name of the manufacturer with a capital letter because the manufacturer is, or was, a living person, and his product bears his name.

### POPULAR DELUSIONS . . . by MacConachie

Let's have no more deifying of the inanimate with capital letters. —W.W.

### SPEAKING OF COLLECTIONS . . .

Many district organizations send representatives to this office with orders for printing supplies for some public event. The printing is satisfactorily produced, delivered on the due date, at reasonable prices . . . The event is held . . . A month passes and no payment is received . . . two months . . . three months . . .

Meantime my payroll comes around regularly every Saturday; my bills for materials, rent, light, etc., are paid promptly on presentation, or on the 10th of the month following . . . and the exchequer gasps for money . . .

Here's a bill for Christmas folders etc. delivered December 16. Item: \$44. This is February 17—61 days later, and no sign of a check.

Here's a bill for \$17 for rush printing done last August . . . six statements sent and not a dime or return

Here's a bill for \$23 for a public event given in December . . . early payment promised. That's two months ago! No check received.

Here's \$38 due for programs and other supplies printed last JUNE . . . that's only three-quarters of a year ago.

Here's \$33 for a legal notice run for a lawyer last AUGUST . . . six bills and two personal letters have not even brought the courtesy of an acknowledgment . . . Lawyers should know better than to withhold payment on legal notices. Any publisher can delay consummation of a legal transaction until he receives payment for services . . . this is the law. But what publisher wants to do that?

Etc. etc. far into the pocket-books of slow-paying accounts.

Of course one can always traipse into small claims court, which adds \$1 filing fee and 50c service fee to any bill presented to His Honor for collection. This again would be unkind.

So let us hope this gentle plea will serve to eliminate the lag between the date when printing is received and used by the customer, and the date when his or her or their check is received — with thanks.

That the great God of business may be served—**WITH A CHECK!** —W.W.

### SCOUTING'S SPIRIT IS SERVICE

By WALTER W. HEAD  
President of the Boy Scouts of America

Never in the history of our country have we needed the character building and citizenship training influences of the Boy Scouts of America so urgently as we do today. Scouting instills in our boys reverence for God, admiration for country, love for home and respect for their fellows. It is a genuine brotherhood.

During the 31 years the Movement has served America, more than nine million boys and men have been registered on its membership rolls. Today more than one million five hundred thousand are active participants in its program. And every day throughout the land this vast brotherhood individually and collectively is doing something worth while to "strengthen and invigorate our democracy."

Indeed, it is my conviction from personal observation in many hundreds of communities in every section of America over a period of twenty years that Scouting epitomizes all the attributes of democracy. It is a great Movement charged with the responsibility of working ceaselessly for our great country. Its idealism is practical; its acceptance is universal. It is free and voluntary. Its spirit is service.

### RUBBER? SALINAS VALLEY CAN STRETCH PRODUCTION

SALINAS — The Salinas Valley may become America's primary source of rubber in event of war.

This possibility had been forecast today by George H. Carnahan, president of the Intercontinental Rubber Company of New York, in an address to the Salinas Chamber of Commerce.

Carnahan's company, he revealed, has invested \$2,000,000 in a rubber factory here, utilizing the Mexican guayule shrub as the source of its raw material. The shrub was imported into California 30 years ago.

The process, he said, is still in its experimental stage, and involves a cost "considerably greater" than the importation of East Indian rubber. In the event of war shutting off East Indian supplies, however, development of the guayule process would be the most practicable means of alleviating rubber shortages in this country, he declared.

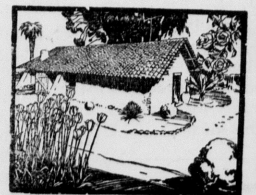

Carnahan said the Intercontinental factory is now turning out five tons of guayule rubber a day, selling it to four major automobile tire firms. Its immediate objective, he added, is refinement of production methods and lowering of costs.

President Franklin D. Roosevelt, Honorary President of the Boy Scouts of America, in his Christmas greeting to that organization, reprinted in Boys' Life, said: "In sending hearty Christmas Greetings I am once more conscious of the heavy debt of gratitude which this Nation owes to Boy Scouts for their part in developing and maintaining that manly courage and willingness to serve, that cheerfulness and loyalty to high ideals which alone can make a people great."

Music and entertainment rounded out an enjoyable evening. Legion men were registered under a voluntary national defense plan.

## The FARMERS CORNER

by RALPH H. TAYLOR

Executive Secretary  
Agricultural Council  
of California

Next Wednesday, February 12, will mark the one hundred and thirty-second anniversary of the birth of Abraham Lincoln — one of America's immortals and one of the most beloved and ablest apostles of true democracy in all the course of world history.

It is customary in this country, in any hour of stress and crisis, to take courage and counsel from the nation's great leaders who brought the United States of America through other critical hours, when our very national existence seemed threatened.

And certainly it would be prudent at this time, when democracy is on trial the world over, to re-examine our democratic heritage — and take sober stock of our citizenship. There are grave responsibilities in a democracy, as well as great privileges. For democracy is not simply an endowment, which can be handed down from one generation to the next; it is a way of life, which must be lived — and zealously guarded — if it is to endure.

In his historic Gettysburg address just 77 years ago last November, Abraham Lincoln re-dedicated this nation to the proposition that all men are created equal and that this democracy, or any other democracy, cannot long endure unless its government is truly of, by and for the people.

The words are so familiar that they may have lost some of their significance. To Lincoln, "the people" meant all the people in this nation. There was no segregation, in the Gettysburg address, of labor and employers, of farmers and city workers, of Protestants or Catholics, Jews or Gentiles. There was no "class consciousness" in that immortal address; there was no attempt to turn one class against another. To Lincoln, there was no classes; there were just "the people."

Recognition of that simple truth has become vitally important in this nation, during this emergency. For the key to whether democracy shall survive in this country is not the strength of Hitler's storm troops, nor Stalin's red army. The true test lies in our own strength and unity as a people — in our treatment of minorities, as well as majorities; in our ability to live democratically!

When Hitler's name has become just a bad memory of a dark chapter in world affairs; when Mussolini is recalled as only a serio-comic buffoon who strutted briefly across the pages of history — Abraham Lincoln, the friend of man, whose life and work became the exemplification of real democracy, will still be enshrined in the hearts of men who love liberty in every land on the face of the globe.

But the people, in the United

IRVINGTON LIBRARY  
REPORTS INCREASED  
READING OF BOOKS

IRVINGTON — The Irvington Library reports a noticeable increase in circulation, due jointly to splendid books received from the main office and to continuous rain.

During 1940 circulation of non-fiction increased from 754 to 1166 books. There was also an increase in fiction and magazine reading. Juvenile reading dropped from 1395 to 1218 books of fiction.

Among the popular books received lately are:

I Married Adventure, Johnson  
Invitation to Live, Douglas  
Wild Geese Calling, White  
Give Me Liberty, Erskine  
To the Indies, Forester  
Mrs. Miniver, Struther.

The widely advertised For Whom the Bells Told by Hemingway has proved a disappointment to most readers. The biography of Richard Halliburton has been greatly appreciated.

States, have urgent need to make a modern application of Lincoln's principles to current affairs. If every majority group in this country will grant to every minority group the same rights which it would wish were it a minority, then class consciousness can soon be blotted out. And in its place will come a consciousness of unity of purpose and interest which will quickly eliminate those conditions which are now an open invitation to fifth columnists and provocateurs from totalitarian powers.

If the people of this nation have confidence in the essential fairness of their government, enemy emissaries sent here from abroad will make little headway. But a new deal in government, if it simply shifts the balance of power, with no correction of the fundamental difficulties which occasioned that shift, is no better than the old deal. What this country needs is the inauguration of a fair deal — a deal fair to minorities and majorities alike, the kind of a deal that Abraham Lincoln spoke of at Gettysburg.

The business man, the laboring man, the farmer, the public servant all have need to rededicate themselves to the basic principles of real democracy, if their devotion to Lincoln and his ideals is to be anything more than lip service. This country needs a new devotion to democracy in personal and business relations, as well as in the exercise of the voting franchise it needs more democracy in high places in government.

The motto of the United States, as indicated on our coins, is a dual one — E Pluribus Unum, one out of many, or one composed of many, and In God We Trust. Is the God in whom we trust one of equal justice, or one who plays favorites? In this one nation, indivisible, composed of many, or is it a nation of warring classes — divided against itself?

America, during the months ahead, must answer. And on that answer — on our willingness to follow the democratic way of life, or on our selfishness and inadequacy — may well depend whether Lincoln's dream shall endure as a reality, or whether the light of liberty is extinguished.

VALENTINE DANCE

NEWARK — A luncheon was served in honor of Mrs. Mamie Springer, a new member of the Ladies Auxiliary of the Newark Fire Department, who was initiated at their regular meeting, Monday evening February 10 at the Newark Fire Hall with Mrs. Carolyn Paschote presiding. The table was decorated in valentine favors, and the hostesses were Mrs. Rose Costa and Mrs. Mary Meneze.

Final plans were made for their valentine dance which was held Saturday evening at the Newark Pavilion with the following dance committee in charge: Mrs. Madeleine Silva, chairman; Mrs. Mary Meneze, and Mrs. Carolyn Paschote. A surprise was given to every dancer.

The Newark Fire Department held their regular meeting that same evening and joined in the luncheon with the ladies. The firemen are arranging a pedro tournament to be played among the members of the department.

## NEWARK SCHOOL ACTIVITIES

The Newark Junior Traffic Patrol has been given a new three weeks schedule. The boys on the patrol are Ernest Marine, Joe Hilton, Carl Pierce, John Hanamoto, Luther Hudson, Harold Calderia, Jack Stadler, Joe Machado, Everett McNulty, Earl Ewer, and John Warren Pigeon.

Show cards entitling the patrol boys to enter theaters free of charge were issued last week to the following patrol boys: Joseph Machado, John Pigeon, Jack Stadler, Everett McNulty, and Harold Calderia.

The boys and girls of the Newark School have a fine new bicycle rack to hold their bicycles. This rack has been made to hold forty bicycles, and will help prevent damage to bicycles by falling over.

## NEWARK

Joe Machado Sr. of Newark celebrated his birthday in San Jose Sunday afternoon. He was thirty-seven years old and a party was held at the home of his relatives there. Refreshments were served and many beautiful gifts were received. Those present were Helen Dias, Mr. and Mrs. John Mendes, George Alameda of San Jose, and the Machado family from Newark.

Mr. and Mrs. Tony Silva and son Alvin and Frank Maciel spent Sunday fishing at Monterey.

## COMMITTEE SEEKS STATE'S BUYING OF SOUTH BAY BRIDGES

SAN FRANCISCO — The California Committee for the Public Ownership of Bridges, which recently sponsored and successfully worked for the state purchase of the Carquinez and Antioch Bridges yesterday announced plans to bring about the state acquisition of two important spans across San Francisco Bay — the San Mateo and Dumbarton Bridges.

The committee is sponsoring Assembly Bill 831, which if enacted, grants specific authority to the Department of Public Works and the California Toll Bridge Authority, authorizing them to enter into negotiations for the purchase of the two South Bay spans.

"The California Committee for the Public Ownership of Bridges believes that the state's acquisition of these two bridges at a fair and equitable price is in the public interest," said Bromfield in a statement issued yesterday. "The immediate effect of state purchase for the Carquinez Bridge was the reduction of tolls from an average of fifty-seven cents to thirty cents. There has been a twenty percent reduction also in truck tolls.

"We believe that substantial reductions can be obtained in the state's operation of the San Mateo and Dumbarton Bridges. The sustained high tolls maintained on these two bridges both for private cars and trucks has not been helpful in the development of the entire area tributary to these bridges."

### FOUR MEN HEAD DISASTER RELIEF IN THIS TOWNSHIP

CENTERVILLE — Responsibility for the organization of a disaster relief set-up in Washington Township was placed in the hands of four men who will assist President Frank T. Dusterberry of the Red Cross Club, following a recent meeting held here.

The committee named by Dusterberry to work out details of how best to make the township ready for any disaster such as fire, flood, earthquake or war, are M. P. Mathiesen, John Dutra, Roland Bendel and Charles Gillespie.

The Oakland set-up was described by M. W. Dobrzensky, president of the Oakland Safety Council. Also on the program was Dr. Herbert Samuels, chairman for the Eastbay Red Cross disaster relief committee.

### COMMITTEE NAMED FOR RED CROSS DISASTER RELIEF

CENTERVILLE — A representative group from the various towns in Washington Township assembled in the Visual Education Room of Washington Union High School in Centerville Tuesday evening February 11 to listen to the interesting talks of Dr. Herbert Samuels, Chairman of the Disaster Relief Committee of Oakland and Mr. M. W. Dobrzensky, President of the Oakland Safety Council. The meeting was under the auspices of the American Red Cross of Washington Township. The speakers urged the necessity of organization disaster relief in case of fire, flood, earthquake, epidemic, or even for total war as is happening in Europe at the present time.

Dr. Samuels recalled having helped to organize the Red Cross hospital in Centerville during the influenza epidemic of 1917 and how ill prepared we were at that time. Chairman F. T. Dusterberry appointed the following to serve with him on a Planning Committee, M. P. Mathiesen Vice Chairman, Chas. Gillespie of Westvaco Co., Newark, Roland Bendel Chief of Decoto Fire Department and John E. Dutra Chairman of American Legion Disaster Committee. This committee will name the other committees to complete the organization.

### PLAY CENTER TO MOVE

CENTERVILLE — The Centerville Pre-School Play Center will move to its quarters in the new grammar school the first of March. Twenty-three children are now enrolled and there are places for a few more children, according to Mrs. L. E. Bailey, president of the Mothers Club. Children stay at the play center daily from 9 to 12 o'clock, those from three to five and a half years being eligible.

### SERVICES HELD FRIDAY FOR BICYCLE ACCIDENT VICTIM

DECOTO — Funeral services for Jesus Gutierrez, 35, of Whipple Road who was fatally injured when his bicycle was struck by a car on the Pacheco Pass highway east of Gilroy last week were held last Friday from the home under the direction of the Chapel of the Palms. Gutierrez is survived by his mother, Louisa and three brothers, Benny, Mike and Louis. His father was killed at the railroad crossing near the home about 15 years ago.

He was struck by a car driven by Henry T. Ford, 28, of Daly City who told highway officers that Gutierrez was riding after dark without lights in a driving rain.

### SUCCESSFUL DANCE

NEWARK — About 500 people were present at the Ladies Auxiliary of the Newark Fire Department dance at the Newark Pavilion, Saturday evening. But for the bad weather a bigger crowd might have been expected. The dance committee consisting of Mrs. Madeline Silva, chairman; Mrs. Mary Meneze and Mrs. Carolyn Pashote wish to thank each and everyone for their cooperation in this successful dance. The surprises given to the dancers pleased the crowd.

Farmers account for one out of every four trucks in use. On farms are one-million motor trucks, scattered from 1,401 in Nevada to 68,250 in New York State.

### USE OF BOX NUMBERS URGED

(Editorial)

To enable the Postmaster to have all mail distributed by the Niles postoffice clerks or delivered by the Rural Carrier promptly and accurately, Postmaster Edward E. Enos, urgently requests that all patrons should address mail matter completely, indicating the name, P.O. or R.F.D. Box number, or Gen. Del. Service and City. In many instances mail matter is incompletely addressed due to the omission of the BOX NUMBER, the means by which mail is distributed or delivered. Post Office BOX NUMBERS and R.F.D. Box Numbers are provided for the convenience of the patron in the delivery of mail, so please USE it.

This community, like many others, has certain names which are common. The only means available to distinguish between these patrons who have common or similar names is the P.O. BOX or R.F.D. BOX NUMBER assigned to them. Often embarrassing and harassing situations arise due to lack of the BOX NUMBER.

Business and professional men can be of added service to their customers or clients by requesting the Box Number at the time the deal is effected. Patrons can assure themselves of better, more effective and efficient distribution by advising correspondents of their correct address.

### FALLING TREES DO SOME DAMAGE; CROPS DELAYED

CENTERVILLE — The residence of Mr. and Mrs. Joe Santos on the Centerville-Alvarado Road was struck by a big almond tree which blew over in last week's storm, damaging the roof. Mrs. Santos was alone in the house with an infant child at the time of the crash and was badly frightened but the damage to the house was slight.

Two trees were reported blown down in Niles and Alameda Creek reached flood levels but no break-over as reported. The township in common with the rest of the country has been drenched by rains during the past two months, damage to crop plantings resulting but none of catastrophic proportions. Planting of peas in the Warm Springs area has been delayed so long that a shortage of this crop is anticipated for the coming season.

### MRS. MARY CALLAGHAN GIVEN FINAL RITES

Mrs. Mary E. Callaghan of Livermore, well-known to residents of the township for her civic and philanthropic work in Southern Alameda County was given final rites last Friday morning in Livermore. She passed away after an illness of several months.

She was the wife of M. G. Callaghan, former postmaster at Livermore and a member of the Alameda County Development Commission, and the mother of three sons, Philip of San Francisco, Richard, city attorney of Livermore and Leo and Lincoln, both of Livermore. She is also survived by three grand-children. She was active on the Child Welfare board, the U. L. I. and the Catholic Ladies Aid.
